THE PEOPLE'S PAPER.

THE HERALD.

SALT LAKE DAILY HERALD.

The remarkable success of the paper in the past, as manifested by its large and steadily growing subscription list, its increasing advertising patronage and the expressions of goodwill towards the journal which greet us from all quarters, convince the publishers that they are doing what they set out to do—namely, furnish a newspaper that the people would like, and therefore support. The HERALD, as in the past, will be the people's paper. Independent in a political sense, it will always be found on the side of the people, outspoken on questions affecting the rights of the masses; battling for local self-government and the largest liberty to individuals consistent with public good; laboring for a pure, honest and economical administration of government; treating public matters dispassionately and employing language calculated to enlighten the reason of men rather than influence their passions, and working for peace and the development of the resources of the territory. Instead of trying to create strife and retard progress. With our increased facilities for gathering news, both by telegraph and mail, the employment of a larger number of correspondents in different sections of the country, and the better arrangement of all the many details of the establishment, we confidently promise to make the SALT LAKE DAILY HERALD a better paper than ever.

SALT LAKE SEMI-WEEKLY HERALD

This valuable and popular edition of the HERALD will continue to make its appearance twice a week during the year, and the same degree of progress and improvement that marks the Daily will be seen in its columns. No better newspaper can be found in the west for those people who are not blessed with daily mail facilities, than the SALT LAKE SEMI-WEEKLY HERALD. It contains all the news, domestic and foreign, in a condensed and readable form. The design has been to make it combine the distinguishing characteristics of a commercial and home journal, and we believe that this has been successfully carried out. The SEMI-WEEKLY has certainly met with unexpectedly high favor at the hands of the people.

SALT LAKE WEEKLY HERALD.

The demand for a WEEKLY HERALD has been very pressing during the past two or three years. The aim of the publishers will be to furnish a paper for those people who live off the main lines of travel and who are not accommodated with mail a service often more than once a week; to provide a newspaper for those who have only one day a week of leisure to devote to the pleasant and profitable employment of reading; to supply a suitable edition of the HERALD for reading abroad—a paper that shall faithfully and honestly represent the news and the growing territory with its many and important industries and its thrifty, enterprising people; to make a paper for the home circle and family friends, one that shall contain the news and at the same time contain the essential elements of a literary, educational and industrial journal. In fact, our aim will be to make the WEEKLY HERALD a welcome visitor to the home, where it will be found a constant fund of instruction, entertainment and profit, to all members of the family. Besides the leading characteristics of the Daily, the Weekly will contain matter especially for the agriculturist, the gardener, the stock-raiser, the mechanic, the kitchen and the household generally, and an important feature of its columns will be the well-chosen, entertaining and moral literature, also reports of the laborer's discourages. Nothing will be admitted to its columns that has not first been carefully prepared and revised.

TELEGRAPHIC TILDEN.

The Old Man Addressed by the Democratic National Committee.

New York, 14.—The democratic national committee assembled this morning, Senator Broom presiding. The number of the executive committee was increased from thirteen to seventeen. The following were then appointed the executive committee: W. H. Barnum, Connecticut; E. O. Price, Massachusetts; George W. Barker, Georgia; W. C. Gandy, Illinois; Austin H. Brown, Indiana; M. M. Hall, Iowa; Henry D. McGentry, Kentucky; Orestes H. Bayne, Maryland; P. B. Kelly, Minnesota; A. B. Lulloway, New Hampshire; Orestes H. Bayne, New Jersey; Abram S. Hewitt, New York; M. H. Benson, North Carolina; Wm. W. Armstrong, Ohio; Wm. L. Scott, Pennsylvania; Thomas O'Connor, Tennessee; and B. B. Smalley, Vermont. After routine business the committee adjourned to the residence of the chair. Members subsequently proceeded in a body to the residence of ex-Governor Tilden to pay their respects to that gentleman. The executive committee will organize to-day.

The national democratic committee, on reaching Tilden's residence, Gramercy Park, were received by Henry Tilden, the ex-governor's brother, Senator Kernan, Augustus Schell and others. When Mr. Tilden appeared, looking unusually well, the chairman said the committee charged with the duty of informing Hancock and English of the high trust which had been tendered them, and which they have accepted, would have but half performed their duty if they did not come to pay homage to him who, by a large majority, was elected four years ago. Your noble self-denial in laying down all your claims to the exalted office of president of the United States because you did not desire civil war, and not take in any way from your noble and straight forward character. There is still another act of patriotic self-denial on record in your favor, and that is the relinquishing of all just claims which you had on the people of the country for a second term, for these acts of self-denial and patriotism, the democracy of the United States pray to the Almighty Power that your life may be prolonged for many years, so that you may live to see the country and its constitutional government relieved from the many incumbrances which have been placed upon it by the basest frauds perpetrated upon the people, by an overwhelming majority, next November, as the republicans party. I speak not only the voice of this committee, but the voice of the democratic party throughout this broad land; we have pressed this homage, simply because of your patriotism, virtue and excited statesmanship.

The speaker here read the resolution in reference to Mr. Tilden, passed by the Cincinnati convention, and said it expressed the feelings of the entire democracy.

Tilden replied: I thank you for your words in which you have pressed this communication to me. A resolution which enables the democracy of the United States to vindicate the right of the people to choose the chief magistrate, violated in 1876, and at the same time relieve me from the burden of the election, is most agreeable to me. My sincere good wishes and cordial cooperation as a private citizen attend the illustrious soldier whom the democracy has designated as their standard-bearer in the presidential canvass. I congratulate you on the favorable prospect with which that canvass has been commenced, and the promise it affords of complete and final success.

The committee then left.

The democratic national committee, before adjournment, added the name of D. P. Jones, Louisiana, to the executive committee, which numbers eighteen members. The matter of two democratic electoral tickets in Virginia came up, and after brief discussion was referred to the executive committee.

Black Driven Out of a Missouri Town.

Atchison, Mo., 13.—C. H. Peck, contractor for the excavation of the packing house of W. M. Smith, East Atchison, Mo., having engaged several colored men for \$12.50 a day, a drunken mob, armed with revolvers, made their appearance on the spot to-day, and compelled them to quit. From there, the crowd increasing, they proceeded to the brick yard of Seth & Co., where seven colored men were employed, compelled the suspension of all work and drove the colored men over the river. The mob then numbered several hundred and was addressed by the mayor of Atchison and others, urging peace and order, but without avail. Colored divers of transfer teams, who were compelled to turn back over the bridge and colored packers at various freight depots, and other darkies in town were hunted up and sent to the jail. Kansas Territory is a lawless place, and the efforts to quiet unrest, telegraphed to Sheriff Spencer, of St. Joseph, to come and enforce the authority, but he refused to come. The mob now have possession of East Atchison, and defy the law and militia. People of Atchison, who are largely interested in industries are largely interested in the peaceful proceeding and unless officers of Buchanan County, Missouri, do not arrive by to-morrow they propose to take a hand in the proceedings.

Parrell, the Obstructionist.

London, 14.—The Pall Mall Gazette says: The line of policy as announced by Parrell and his associates, supporters, to move to report progress when the bill is again discussed, evidently tends to indefinite obstruction. It is easy to declare it to be intolerable that the minority of home-rulers, who are themselves a very small minority in the House, are not only to impose their policy in Irish legislation, but are to be at liberty, if they are resisted, to stop English legislation, but the real issue is the force of the House may be and ought to be amended, but even if the disturbance bill is thrown out to-morrow and Parrell suspended for the rest of the session, the only result would be to make the agitation more certain and dangerous when the session is over. This is a feature in the situation to which serious men on both sides should address their minds. For many years, the House has been a very small minority in the House, and it is not only to impose their policy in Irish legislation, but are to be at liberty, if they are resisted, to stop English legislation, but the real issue is the force of the House may be and ought to be amended, but even if the disturbance bill is thrown out to-morrow and Parrell suspended for the rest of the session, the only result would be to make the agitation more certain and dangerous when the session is over. This is a feature in the situation to which serious men on both sides should address their minds.

Dashes.

St. Louis, 14.—Barge No. 52, laden with 3000 bushels of corn, this morning, struck a pier of a bridge, broke, and sunk. The barge was valued at \$9,000.

A little boy, Joseph W. W., of the "Knock," aged 10, and an unknown colored man, were drowned, the latter losing his life in an effort to rescue young Wynn.

Political Points.

Tolono, Ill., 14.—Greenbackers of the Fourteenth District, yesterday, nominated J. B. Scott for Congress, vice Col. Wolfe, declined.

Sedalia, Mo., 14.—The greenback convention of the Seventh District nominated Judge C. M. Hines for Congress. Hines is a republican.

Chicago, 14.—Republicans in the Sixth Alabama district, yesterday, the national committee that they will carry it by a large majority. Similar assurances are being received daily from other parts of the south.

Brilliant Spectacle.

Paris, 14.—Last evening the illumination of the Cathedral of Notre Dame was tested in preparation for to-morrow evening. The whole building has been overspread with lamps, concealed in such a manner as to throw their light upon the Cathedral, the spectators observing the source. The whole building was thrown into brilliant light, and looked like a vast structure of porcelain.

A Lunatic Murderer.

Waukegan, Wis., 14.—Chancy Scholz, a lunatic, who was confined in the poorhouse near this city, assaulted Samuel Walter last night, with a knife, inflicting fatal wounds. They were both over 70 years of age, and had had various disputes. There was a terrible struggle between them in the dark attic, where Walter had one eye cut entirely out and twenty-three gashes in his body.

Death of Gov. Campbell.

Washington, 13.—J. A. Campbell, formerly third assistant secretary of state, and during the war adjutant-general on the staff of Schell, is not expected to live through the night. He was at one time governor of Wyoming Territory. He died from poisoning of the brain.

Washington, 14.—Hon. John A. Campbell, at one time governor of Wyoming, and later third assistant secretary of state, died at his residence here last morning. He served with distinction in the Army of the Cumberland from the first days of the war until the close, where he was one of its best staff officers, having acted as Gen. Schell's adjutant-general during the closing years of the war.

The Colorado Floods.

Denver, Col., 14.—Further reports of yesterday and Monday night's storm say ten miles of the Denver and Rio Grande Railroad route washed away between Pueblo and Colorado Springs, and every bridge, culvert and cattle guard for a distance of twenty-one miles is more or less damaged. There is a large force at work, and the road will probably be in running order again to-night. Bear Creek, a mountain stream emptying into the Platte River, was also flooded by a terrific storm, half stones falling to a depth of from two to three feet, but no damage was done.

Thurloew Weed's Opinion.

New York, 14.—Thurloew Weed thinks Garfield's letter proves, in the language of Daniel Webster, that his nomination was one "fit to be made." His utterances are frank and fearless, his views upon all national questions clearly and succinctly stated, his statements and sympathies all in the right direction. This declaration of principles, fortified as it is by a record which attests his capacity, integrity and ability, insures an active and vigorous republican canvass in favor of Garfield and Arthur.

Arthur's Letter.

New York, 14.—The Tribune, to-day, Gen. Arthur is engaged upon his letter of acceptance. It will probably be made public Thursday. He and his wife leave town on a brief vacation before entering upon the duties of the campaign. It is understood that General Conkling will join the party for a fishing excursion in northern New York.
